

Section of Plant Physiology

Mr. Sanket Yelore

Mr. Sanket Yelore is an Assistant Professor in Agricultural Botany from Wardha, Maharashtra. He completed his M.Sc. (Agriculture) in Agricultural Botany from the College of Agriculture, Nagpur. He has five years of teaching experience and one year of research experience. His research interests include hybrid development and stress-resistant crop improvement.

Courses Taught

- Genetics and Plant Breeding
- Plant Physiology
- Crop Improvement (Kharif and Rabi Crops)
- Fundamentals of Genetics
- Seed Production
- Intellectual Property Rights

Research Papers

- Evaluation of Morphological Traits in Wheat under Irrigated and Non-irrigated Conditions (NAAS Rating: 5.13).

Special Achievements

- Developed and delivered practical skill modules in Genetics, Crop Physiology, and Plant Biotechnology.
